Coastguard Northern Region Maritime School

Recreational Boating Courses

Coastguard is a charity - we can't save lives without public support.

Coastguard maintains an infrastructure right around the coast of New Zealand to ensure that we are there when the New Zealand public need us. In the Northern Region we cover from Thames, across to Kawhia and up both coasts to the Far North. Our infrastructure consists of strategically located rescue vessels and comprehensive marine VHF coverage, all operated by highly trained volunteers.

The Coastguard Northern Region Maritime School gives all boaties the skills needed to enjoy the water safely.

Our tutors bring a wealth of knowledge and experience by providing both practical RYA Courses and theory-based Coastguard Boating Education

Courses. We can equip you with the skills and knowledge to be safe out on the water.

Saving lives at sea begins on land. Be prepared and get educated!

Remember:

- Log a trip report with Coastguard
- Every person must have a life jacket and it should fit correctly
- Always have two forms of communication, if you can't contact us we can't rescue you
 - VHF Radio (Have VHF Operator Certificate)
 - Mobile phone in a waterproof bag, able to use even when it is wet
- Be prepared
 - Check the weather (Nowcasting 24hrs) and tides regularly and often. If in doubt don't go out

- Have safety equipment (EPIRB, Flares, First Aid Kit) stored and accessible

- Maintain your boat and engine, get it serviced regularly
