

Coastguard School Holiday Education Programme

October 2018

Auckland Central

Coastguard is pleased to offer an opportunity specifically tailored for students to gain the highly regarded Day Skipper and Maritime VHF Radio Operator Qualifications during the school holidays.

Safety at sea begins on land
Be prepared. Get educated.

Coastguard School Holiday Education Programme

Auckland Central

Maritime VHF Radio Operator

This is the minimum qualification required to operate a marine VHF Radio in anything other than an emergency. It will cover routine operation, how it can assist with safety as well as distress and urgency calling. Unlike the adult course, this two day course gives us more time on scenarios and exercises to help retain the information. With this qualification there is nothing stopping your

child from getting involved as the onboard designated Trip Report person. They will develop confidence on the radio which is a useful skill they will carry into their future. Those who successfully complete the assessment can apply for Unit Standard 19491 (level 3, 3 credits) to be added to their record of learning. (A small administration charge may apply).

Day Skipper

This is an introductory course for all boaties. Applies to a wide range of vessels including yachts, launches, powerboats, PWCs, sea kayaks and waka. Those who successfully complete the assessment can apply for Unit Standard 26542 (level 2, 6 credits) to be added to their

record of learning. (A small administration charge may apply). During the Day Skipper portion of the programme we will spend time ashore learning about rules, tides, knots, as well as Coastguard, Search and Rescue and other boating related topics.

Day Skipper optional “On the Water experience” (2.5 hours)

This classroom rocks because you’ll be aboard a Coastguard Training Vessel for a 2.5 hour practical learning experience. Students will have the opportunity

to put into practice the essential boating knowledge from the Day Skipper Course while participating in crewing the vessel.

Safety at sea begins on land

Be prepared. Get educated.
